

Family Builder® treatment costs

fertility
associates

From 15 July 2026

Family Builder® is a package of IVF treatment to enable patients to bank euploid embryos (embryos with a normal number of chromosomes), which have a higher chance of leading to a healthy pregnancy.

The Family Builder® treatment package is designed to enable patients, especially those for whom time is limited, to bank euploid embryos so that they can optimise the chance of having the number of children that they really want.

Age	Pay as you go*	Family Builder 2**
≤ 33	—	—
34-35	\$48,300	\$41,800
36-37	\$47,830	\$39,950
38-39	\$43,810	\$37,450
≥ 40	\$42,160	\$36,400

Age	Pay as you go*	Family Builder Plus**
≤ 33	—	—
34-35	\$73,630	\$55,550
36-37	\$71,510	\$54,600
38-39	\$64,900	\$50,200
≥ 40	\$63,240	\$46,550

* Estimated fees for 2 or 3 IVF cycles and PGT-A on all tested embryos.

** Family Builder® does not include embryo transfer fee, includes PGT-A on required number of embryos to reach target
